

مزرعة حينة سالمه
heenat Salma farm

*Welcome to Heenat Salma Farm
A Living Classroom*

About Living Classroom

Our learning experiences are designed around three key outcomes: Knowledge, Skills and Values. Each programme combines hands-on exploration with meaningful connections to nature, sustainability, farming, biodiversity and local culture. Students are encouraged to learn through observation, questioning, making, exploring and doing — turning the farm into a living classroom. Come. Explore. Learn. Grow.

Knowledge

- *Build understanding about nature,*
- *Biodiversity,*
- *Farming practices,*
- *Sustainability*
- *Local culture*

Skills

- *Develop practical skills*
- *Scientific thinking*
- *Creativity*
- *Problem-solving and*
- *Teamwork.*

Values
